

# mobiWAN\_TR

---

The XR10 is the only HoloLens 2 solution compatible with an industry standard hardhat and certified for use in safety controlled environments.

**The mobiWAN\_TR device is the exclusive audio solution for the XR10 and offers:**

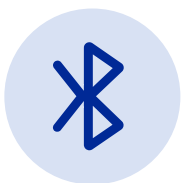

## **Audio Mixed Reality**

As an audio analogue to the visual mixed reality capabilities of the HoloLens 2, the mobiWAN\_TR device allows digital audio content through bone conduction to be layered on top of audio content coming from the physical world through the ears.

## **Wearability**

The low weight and comfortable medical grade silicon vibration pads provide comfortable wearability for a full day's use.

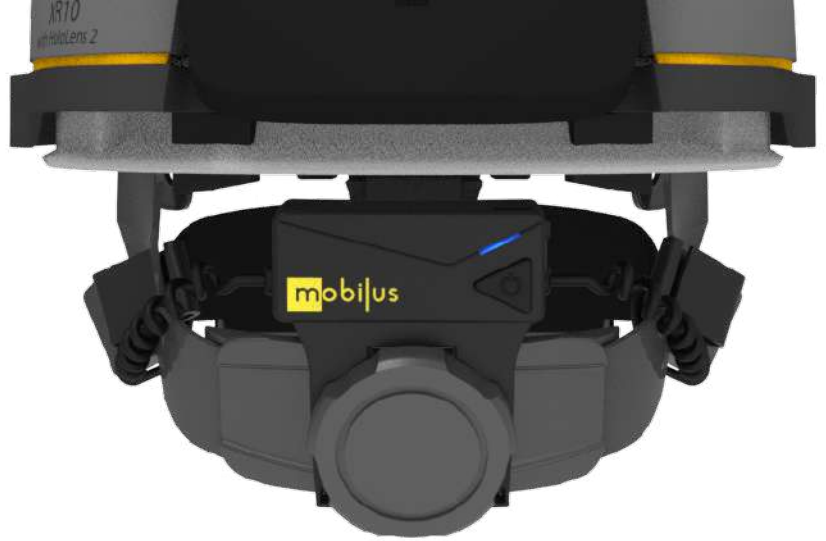

## **Bluetooth Compatible**

Uses the latest Bluetooth 5.0 technology making it easy to pair and wirelessly connect to the HoloLens 2.

## **Full Day of Battery**

Battery capacity for more than 6 hours for a full day's use in the field along with USB C 1.5 hr fast charging.

# Specifications

## General

Dimensions	23 × 32 × 65.5 mm
Weight	83 grams

## Battery

Battery Life	600mAh / 4 – 6 hours continuous playback
Charging	1.5 hours full charge

## Connections

Bluetooth	5.0 AD2P protocol
Charging Port	USB-C

## Sound

Audio Channels	2 stereo channels
Ambient Noise	Up to 115dB with earplugs

## Others

IP Rating	IP65 (dust & water)
PPE	Compatible with standard safety glasses and ear plugs
Hardhat	Compatible fit with MSA V-Gard® Hard Hat and FasTrac III® suspension
Hardhat Impact Protection	ANSI/ISEA Z89.1-2014 Type 1 Class E (OSHA Compliant) CSA Z94.1 EN 397:2012 + A1:2012 AS/NSZ 1801 GB2811-2017
Operating Temperature	+10° C to 45° C
Storage Temperature	-20° C to 60° C
Humidity	8% to 90% RH (Relative Humidity)
